GREEN CAMPUS INITIATIVES

Dr. Raneer Vadamuthu
Director

Md.Sathak A.J. Academy of Architecture
Egattur, Chennai - 603 103.

CLEAN AND GREEN CAMPUS INITIATIVES

Several green practices have been adopted by MSAJAA, as a responsible stakeholder of our ecosystem, include roof top solar power plants, LED bulbs, solar water heaters, plantation of trees inside the campus, usage of bicycles, electric scooters, pedestrian roads, single usage plastic free campus, green landscaping, converting solid wastes, liquid wastes & e-wastes into another usable form through appropriate technology etc.,

BICYCLES

To promote eco-friendliness and reduce carbon footprint on campus, students are provided with bicycles for their daily commute within the campus. This initiative ensures a pollution-free environment for all and encourages a greener way of living.

Director

Md.Sathak A.J. Academy of Architecture
Egattur, Chennai - 603 103.

SOLAR ENERGY

MSAJAA constantly strives to conduct its energy operations with utmost environmental consciousness and sustainability by power generation through solar panels and using sensor-based street lights. The college has installed solar panels of 50 KW to generate electricity for the college main campus and the boys' hostel.

PEDESTRIAN FRIENDLY PATHWAYS

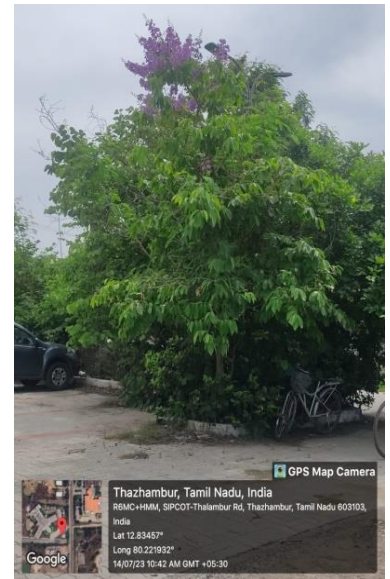

The campus has plenty of parking space for vehicles, and the roads inside the campus are well-maintained. Pedestrians can safely walk through the campus on pedestrian-friendly pathways. The entry of vehicles inside the campus is restricted, and there are specific locations for sidewalk amenities and landscaping to enhance the campus's beauty.

**PEDESTRIAN FRIENDLY
PATHWAYS**

**LANDSCAPING WITH
TREES AND PLANTS**

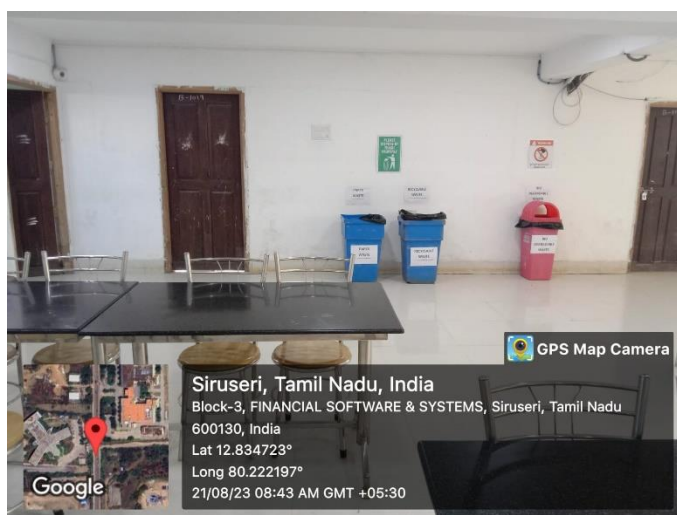

LANDSCAPING WITH TREES AND PLANTS

The institution ensures that its campus is kept clean and green by employing gardeners and sweepers. It is committed to maintaining a green environment that provides pure oxygen throughout the building. To achieve this, more trees have been planted, making the campus greener and more pleasant for students to learn in and faculty members to work in.

MANAGEMENT OF THE VARIOUS TYPES OF DEGRADABLE AND NONDEGRADABLE WASTE

Waste segregation facilitates the process of reuse, recycling, and recovery of waste and avoids several environmental hazards. This institute is committed to following a range of sustainable practices to build and maintain, a green campus and to adopt "Responsible waste disposal". It is practiced to convert the waste generated at the campus, by way of segregation as organic waste, recyclable waste, and inert waste and converting the same into another usable form. Recyclable waste is further segregated and disposed of through vendors on a need basis. All obsolete electrical and electronic wastes are disposed of as e-waste to vendors for proper destruction, without damaging the environment, and certificates are obtained.

PLASTIC FREE CAMPUS

Maintaining cleanliness is essential for healthy living. It ensures hygiene and helps us develop our personality by keeping us clean both externally and internally. As a step towards creating a pollution-free environment for our future generations, MSAJAA has decided to go plastic-free on campus. We have put up posters and circulars to raise awareness among the community and encourage everyone to take steps to prevent pollution and keep our surroundings clean and green.

MOHAMED SATHAK A J ACADEMY OF ARCHITECTURE

Circular no. MSAJAA/INFRA/2023/001 Date: April 5, 2023

Sub: Plastic free campus

This is to inform you that the use of plastic is totally banned within the campus of MSAJAA. To support this initiative the students and staff are hereby advised to make alternate arrangement for the same and dispose waste in the relevant bins, provided at various places within college and in the campus. The canteen is required to provide suitable material to implement plastic free campus and arrangements for segregation & disposal of waste.

Kindly, take a serious note of it and implement it accordingly.

ACTIVITIES AND EVENTS

WORLD NATURE CONSERVATION DAY

Year-2023

REPORT

NAME OF THE EVENT: WORLD NATURE CONSERVATION DAY

CONDUCTED BY: Mohamed Sathak A.J.Academy of Architecture

DATE: 28th July 2023, Duration: 10 am

VENUE: MSAJAA Campus

NO. OF PARTICIPANTS: 23

ABOUT THE EVENT: World nature conservation day is celebrated every year at MSAJAA to create awareness about the importance of protecting the environment. Its an important occasion to educate people about the challenges of climate change and the necessity of conservation of natural resources. At MSAJAA, students and faculty engage in the activities with a great enthusiasm,

ANNUAL CAMPUS TREE PLANTATION

NAME OF THE EVENT: CAMPUS TREE PLANTATION

CONDUCTED BY: MSAJAA

VENUE : MSAJAA CONSTRUCTION YARD, OAT

ABOUT THE EVENT:

Our institution organizes an annual program to plant tree saplings. The objective of this event is to educate students about how they can contribute towards saving our climate from pollution. This is a great initiative that not only helps in making our atmosphere clean but also provides a conducive learning environment. Every year, our faculty and students participate in the event effectively to make it a success.

WORLD ENVIRONMENT AWARENESS PROGRAM

MOHAMED SATHAK A J ACADEMY OF ARCHITECTURE
34, RAJIV GANDHI SALAI (OMR INSIDE SIPCOT IT PARK, SIRUSERI,
EGATTUR, CHENNAI - 603103

NAME OF THE EVENT: Environment Awareness/Documentary Screening

CONDUCTED BY: NSS CELL ,MSAJAA

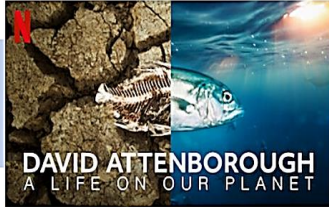

DATE: 23.11.22

VENUE: MSAJAA CRIT HALL

NO. OF AUDIENCE/ ATTEENDEES: 104

ABOUT THE EVENT:

Environmental documentary films offer a way to absorb educational and entertaining content while teaching us how to Restore our Earth from the comfort of our own homes. As a part of our NSS Cell-Msajaa, Documentary by Environmentalist Sir David Attenborough's 'A Life on our planet' was screened in the crit hall for students and faculties.

In this documentary, the 93-year-old renowned natural historian not only narrates, but also delivers what he calls "his witness statement" by reflecting on his vast professional life spent investigating countless corners of the Earth. Attenborough's first-person narrative is at the heart of this documentary film, where he shares not only his experiences, but also his hopes and fears for the future of our planet if humans are to continue to ignore pressing environmental issues.
