

ENVIRONMENTAL & GREEN CAMPUS POLICY

MSAJAA seeks to protect the environment as a part of core values. The institute aims to conserve natural resources by managing water resources, using renewable sources of energy, energy management, minimizing solid waste and providing an eco-friendly environment for students and staff.

To enable this, the Institute will implement the following Policies

1. Green Campus Policy
2. Energy Management Policy
3. Water Conservation Policy
4. No Plastic Policy

and encourage

- Implementation of sustainable resource management based on reduce, reuse & recycle principles.
- Efficient and environmentally responsible use of water, including identifying opportunities for water conservation.
- Appropriate environmental educational programs for students and staff.
- Feedback and suggestions on ensuring good practice.

GREEN CAMPUS POLICY

The MSAJAA Green Campus Policy articulates the commitment of the Institution towards green initiatives that encourage positive change for an eco-friendly green campus.

The focus areas of this policy are:

- Pedestrian Friendly Pathways
- Use of Bicycles/ Battery Powered Vehicles
- Plastic-Free Campus
- Landscaping Initiatives
- Display Boards to Promote Environmental Sensibility on Campus
- Observance of days to protect and Nurture Environment
- Environmental Audit

Objectives:

1. To protect and conserve ecological systems and resources within the campus.
2. To integrate environmental concerns into policies, plans and programmes for social development and outreach activities.
3. To work with all stakeholders and the local community to raise awareness and seek the adoption of environmental good practices and the reduction of any adverse effects on the environment.
4. To continuously improve the efficient use of all resources, including energy and water, and to reduce consumption and the amount of waste produced, recovering and recycling waste wherever possible.
5. To reduce the pollution on the campus.
6. To make the campus plastic - free and ban on Single-Use Plastic
7. To improve the green cover.

Action Plan:

1. The institute has initiatives to use bicycles/battery-powered vehicles.
2. Generate mass awareness of cleanliness and hygiene amongst students and staff members by holding regular cleanliness drives.
3. To administer the pledge by students and staff members for maintaining the cleanliness of the institute and its surrounding areas on an annual basis.
4. Smoking Free Campus.
5. Organize annual tree plantation drives.
6. Conduct workshops on the 3Rs: Reduce, Reuse and Recycle of waste.
